

Photofy Account Options

Broker Owners

- Broker Owners receive a **free account** that is tied to their .net/MCID authentication. RE/MAX, LLC is paying for these free accounts on the backend.
 - If there are multiple Broker Owners in an office, each Broker Owner will be granted a free account.
- **How to register:** Use the link photofy.com/remax-invite (click get started top right corner). When signing up, the Broker Owner will be asked for their .net/MCID to authenticate the free account. This is how the system will recognize that the Broker Owner will receive a free account.
- Broker Owners will get access to two Pro Galleries: RE/MAX and RE/MAX Recruiting.
- Broker Owners have "admin access" to add their logos and photos for the team gallery (if they so choose), so all users tied to that office will see those assets. The Broker Owner can also see the office team stats.
